
The Critical Journey

Responding to God's Deeper Invitations

A seven-session hybrid experience beginning Tuesday, November 2, 2021

Introduction

Do you ever feel like you're in a spiritual storm — tossed about or stuck in your faith walk? If so, know that feeling stuck or stagnated is a normal stage of the journey toward wholeness in Christ. St. John of the Cross experienced and documented (as did St. Teresa of Avila and many others) this season of the journey you may be entering.

Would you please join us as we strengthen the soul of our spiritual foundation through a seven-session series called The Critical Journey? Our time together will help you identify your current stage, ways to get unstuck, and the next steps you might take to grow emotionally and spiritually—no matter where you are or how long you've been following Jesus.

The Critical Journey: Responding to God's Deeper Invitations as we journey through the stages of faith and spiritual growth.

ABOUT THE SESSIONS: The first session will offer a brief exploration of the six/ seven stages of the spiritual journey. The following weeks will explore each of the stages. The big idea is to know where you are on this critical journey and how you might best cooperate with God to move toward an ever-deepening human and Christian maturity. The Christian journey is about noticing God's invitation to open the one door before you. This class will also help you support your companionship to those you serve.
